## Work Experience

### Front-End Developer

#### Unioncrate

Manhattan, NY/Remote  
February 2020 - December 2020

- Worked with an international team of engineers using React to support and maintain the platform
- Created new features and reusable components following specs provided by the UI/UX design team
- Fixed bugs reported by users, project managers and QA team
- Performed quality assurance, tested and reviewed code done by other team members

### Full-Stack Developer

#### Wakefern Food Corp

Edison, NJ  
November 2018 - February 2020

- Used Java to support the execution, maintenance, and debugging of the ShopRite point of sale software while working both independently and as a member of the project team
- Built the server for a mobile app using Java to support communication between Android devices and registers
- Promoted six months after hire date
- Trained and assisted interns and new hires with their assigned projects

### Freelance

#### Web Developer

New York, NY  
April 2017 - November 2018

- Designed and built responsive websites for small businesses and professionals
- Worked as a consultant for noticed.co, rebranded and built new pages on their website
- Worked as a consultant for codejockey.com both on their platform, as well as maintained and debugged their client's websites

### Front End Developer

#### Spotible

New York, NY  
October 2015 - April 2017

- Utilized Javascript, CSS and HTML to develop interactive and responsive ad campaigns
- Developed rich media creatives for highly trafficked websites including but not limited to The New York Times, Wall Street Journal and National Geographic
- Performed quality assurance testing on ad campaigns built by other team members

### Customer Service Consultant

#### Burberry

New York, NY  
October 2013 - July 2014

- Provided extensive customer support through answering phone calls, email, and chats from Burberry customers in English and Portuguese
- Constantly multitasked between phone calls, emails, assisting other consultants, and researching to find answers to customer issues
